

1. In your portal home (portal.azure.com), on the left panel click into "Resource Groups"

2. Select the resource group you want to delete
3. Click "Delete resource group"

4. You'll be asked to confirm by typing in the name of the resource group.

 **Are you sure you want to delete "wwcml..."** ×

Warning! Deleting the "wwcmlakanksha" resource group is irreversible. The action you're about to take can't be undone. Going further will delete this resource group and all the resources in it permanently.

TYPE THE RESOURCE GROUP NAME:

AFFECTED RESOURCES

There are 6 resources in this resource group that will be deleted.

5. Hit delete. The deletion of resources can take a few minutes but you shouldn't face any issues.
6. Repeat for any other groups you have created and don't want/don't want to be charged for.
